CONSTANTINOPLE MENACED TROTSKY REPORTED JAILED

ADVICES SAY ARREST DUE TO A BREAK WITH BOLSHEVIK PREMIER

(By Associated Press)
PARIS, July 6.—Reports have reached here from quarters that demand notice to the effect that Leon Trotsky, Russian soviet minister of war and marine, has been imprisoned by Nikolai Lenin, the soviet premier, following the congress of the Third Internationale. No confirmation, however, is available.

The Third Internationale began its sessions in Moscow about a week ago, and it was announced that over 2000 delegates from all over the world were present. Early in the session there were reports that Lenin and Trotsky had agreed to a compromise under which Trotsky was to have a free hand in conducting the Internationale's world movement.

Advices from Moscow, however, have not indicated any serious break between the bolshevik leaders which would explain the report of the arrest of Trotsky.

Major Bruno Cruisus, who was tried on a similar charge, was sentenced to two years and forbidden the German uniform.

SOLDIER BONUS IS CONTRARY TO U. S. ECONOMY

(By Associated Press)
WASHINGTON, D. C., July 6.—Enactment of the McCumber soldier bonus bill would "virtually defeat the administration's program of economy," Secretary Mellon declared in a letter to Senator Frelinghuysen, which he read in the senate. Secretary Mellon urged that action on the bonus legislation be deferred and declared the bill pending before the senate would commit the country to "undetermined liability" the direct sequences of which, he said, would be "unescapable."

(By Associated Press)

SECRECY SURROUNDS VISIT WITH DE VALERA

(By Associated Press)
LONDON, July 6.—General Smuts, South African premier, upon his return from Ireland after conferences with De Valera and other Irish republicans, conferred here with Premier Lloyd George, Premier Craig of Ulster and Earl Middleton, southern unionist leader. The conference was surrounded with the greatest secrecy but it is understood to have concerned itself primarily with conditions for a possible suspension of hostilities in Ireland.

Officials were uncommunicative concerning today's conference, believing that any announcement now might be prejudicial to peace. It is believed, however, that General Smuts brought from De Valera and his associates definite proposals and a reply to these will have a definite bearing on Friday's conference in Dublin.

MAZAMAS WILL SCALE LOFTY OREGON PEAKS

(By Associated Press)
PORTLAND, Ore., July 6.—Peaks of the Cascade mountains are to be scaled this summer by members of the Mazamas, an Oregon mountaineering club, on their annual outing. Crater lake, in southern Oregon, is also on the club's itinerary.

The Mazamas will leave Portland August 1, going by rail to Bend, Oregon, from whence the actual excursion will start. Automobiles will carry the party to Crescent lake, 70 miles away, where the first camp will be made.

From Crescent lake, Diamond Peak, a Cascade mountain, will be scaled, and Waldo, Rosary and Odell lakes will be visited. The Mazamas will then hike to Diamond lake, two days away, and Old Bailey and Children peaks will be climbed. From Diamond lake the mountaineers will hike to Crater lake, where the final camp of several days will be made and whence Mount Scott and Garfield peak will be conquered. The return to Portland will be made by way of Medford.

About 75 Mazamas are planning to make the trip. Camp equipment will be carried by pack horses and automobiles.

CARSON LAD ATTEMPTS RESCUE: IS DROWNED

Orrel Peters, 23-year-old former Carson boy, was drowned at Long Beach, California, Monday morning as he was attempting to rescue a girl from drowning on the beach near that place, a telegram received at Carson advised. Details of the drowning are unknown, says the Gazette.

Peters left six months ago after graduating from the Carson high school and being employed by an express company. He was born and raised in Carson and was the son of Mr. and Mrs. G. H. Peters.

At Long Beach he was working for an automobile company. The Peters family left a few weeks ago to visit him at Long Beach, and the wire received was from a member of the family.

(By Associated Press)
NEW YORK, July 6.—Scientists and inventors are discussing the remarkable qualities of a new gun Dr. Miller Reese Hutchinson, former chief engineer for Edison, claims may be developed to hurl a projectile of five tons from 200 to 300 miles.

This velocity, he declared, ranges from one to five miles a second. The noise it made at the demonstration sounded much like the click of a cash register. It resembles the noise of a pneumatic hammer.

COAST PEOPLE WILL TRIBUTE NATION'S FLAG

(By Associated Press)
SAN FRANCISCO, Cal., July 6.—San Francisco's Diamond Jubilee, the seventy-fifth anniversary of the hoisting of the American flag here, will be celebrated Saturday, July 9.

"It should be a day worthy of celebrating," Mayor James Rolph, Jr., declared in a recent proclamation announcing his intention of appointing a committee to arrange exercises to mark the occasion.

Records show that San Francisco was taken over by United States forces Thursday, July 9, 1846, without opposition and without even a Mexican flag flying to haul down.

In taking the city, 70 men from the United States sloop Portsmouth, under Captain James B. Montgomery, landed at the foot of Clay street, which is now well up in the city's financial district, marched along the sandy way to what is now Kearney street, and hoisted the stars and stripes on a pole in front of the Mexican custom house.

Captain Montgomery's step was taken following receipt of advices from Commodore Sloat, then aboard the frigate Savannah at Monterey, California, stating that the flag would be raised at Monterey and ordering like action at Yerba Buena as San Francisco then was known.

BRITISH FLEET IN THE MEDITERRANEAN NOW ON WAY TO CAPITAL

(By Associated Press)
MALTA, July 6.—Virtually the entire British Mediterranean fleet is en route for Constantinople, where the situation is viewed with anxiety. It is said British reinforcements are going out from England.

Turkish nationalist forces are reported to have penetrated the neutral zone east of Constantinople, preparing to concentrate forces along the Sea of Marmora for an attack on the Turkish capital. The situation has given rise to serious anxiety and the allied high commissioners at Constantinople have been conferring with General Harrington, commander of the allied forces there, regarding steps to be taken in the event of a probable advance to the utmost for the purpose of securing respect for the neutral zone established by the entente.

Never before has the harbor of Malta been so empty. Even reserve ships here are destined for the east. Vessels which recently sailed carried large supplies of munitions.

Some weeks ago bolshevik airplanes flew over the refugee camps near Terioki and they dropped leaflets promising amnesty to all Kronstadt citizens who wished to return home except the ringleaders of the revolt.

The Finnish government protested against this breach of "air neutrality" by the soviet but about one-third of the refugees have petitioned to be allowed to return.
